REMARKS

The above amendments to the claims are to put the claims in condition for examination to remove the duplicity in view of co-pending applications having Serial Nos. 10/670,670 and 10/669,422.

The pending claims are Claims 2 -14, 16-25, 27-41 and 43.

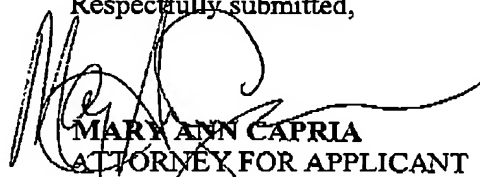

Subject matter from original Claim 1 is incorporated into amended Claim 2.

Claim 1, 15, 26, and 42 are cancelled.

The independent claims are now Claim 2, 14, 25, and 33 and these recite that the conductive polymer is selected from combinations of two or more of polyanilines, polythiophenes and polypyrroles. No new matter is introduced. Dependency and typographical errors are corrected in the remaining claims.

In view of the foregoing, allowance of the above-referenced application is respectfully requested.

Respectfully submitted,
